Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Helen Dickey

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Meredith Riley

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Gena Shapiro

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Judith Bohler

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Maureen McCarthy

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Lara Frater

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Dear Commissioner Copps,

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No one at the FCC has been a bigger champion for real net neutrality than you. When the time comes for a vote on Chairman Genachowski's fake net neutrality plan, your vote will be the deciding one.

Be a hero for the Internet. Vote no on Chairman Genachowski's fake net neutrality plan.

No acceptable proposal can permit paid prioritization; can exempt wireless broadband from the protections offered for wireline; nor can it move forward without reclassifying broadband, providing the legal footing required by the courts for implementation.

There is a powerful public mandate from organizations and everyday people reflecting all America's diversity of race, class, and political opinion who want meaningful, enforceable net neutrality protections.

Thank you for everything you've done to keep the Internet open and free. Please do what's right one more time, and vote no Chairman Genachowski's proposal at the FCC meeting on December 21.

Sincerely,
